Subject: Rodemacher Power Station/Brame Energy Center and Teche Power Station facilities - Supplemental Response to Your Peliminary Review of CLeco's October 31st 2015 CAA 114 ICR Submittal
Cleco CAMx Report 6 1 16 with letter.pdf

Please see the attachment. It is a supplement to our April 15, 2016 letter and contains an updated CAMx modeling report that addresses the three protocol changes that were requested

in your Mach 16, 2016 letter.
