So the polrep that I received should be for Red River Supply Warehouse Fire site instead of Rangely Drums, correct?

Thanks

Dianna

Hi Dianna,

Sorry about the confusion. I believe that the correct SSID is A8E9. I must have typed the wrong

SSID in the heat and craziness of field season!

Hi,

Rangely Drum site is not in SEMS. I searched the site by SSID A8E9 that was provided in the Action Memo and this site ID is for Red River Supply Warehouse Fire located in North Dakota. Do you have the EPA ID or the correct SSID?

Thanks

Dianna
