NJDWSC Report.zip

Brian and Scott - Attached for your review please find a copy of the North Jersey District Water Supply Commission's Report. We communicated with the Commission on Wednesday regarding any additional plans they may have for distributing the Report. They have indicated that they do not intend to distribute the Report to a wider audience or make any public announcements regarding the Report. Although this is not an EPA document, as we expect that some members of the CAG (which as you know is undergoing a reorganization) may be interested in the Report, we are planning on providing it to the CAG shortly.

Please review the attached report and recommendations contained therein in the context of the preparation of the FS.

Joe
