Subject: RE: Tower Standard additional reports, etc., that may be helpful

Kevin,

Bob said he would like the call to take place Wednesday morning say 8am or 9am. Could that work?

Sherry

Thanks, Kevin. That is helpful and more in line what I was thinking. As soon as I hear from Bob, I will contact you about the kick off meeting step.

Hi Sherry,

Attached is the Tower Std. Pilot Scale SOW that we received with the new Tower Std. site TDD. It has the kickoff meeting taking place prior to the Work Plan deliverable.

Kevin,

Thank you very much for your message. I am still trying to get ahold of Bob to see his availability. Suffice it to say, we probably have to look at setting this up for tomorrow at this point.

I don't have the latest task order information that was sent to you but I have a separate timeline that states that you were to deliver a draft Task Order workplan to EPA for review. Is that correct or do we have the conference call first.

Sherry

Hi Sherry,

My team and I are available today (except 1:30-2:30 Chicago time) and tomorrow to discuss. Please let me know what time/date works best for you and I will send out a calendar invite with a call in number.

Kevin,

Thanks for the information. Obviously, the sooner the better for a kick-off mtg. The due dates were specified by my management and it is an aggressive schedule to say the least. I will try to be available for a call, but will be out of the office next week and out of town starting tomorrow. My supervisor, Sherry Kamke, will contact me if you cc her on a proposed time and date and we can try to set up the call. My cell phone number is 708 296-0102, but I may be in and out of cell coverage while I am away. You are welcome to try to contact me directly if you think it could help move things along. Texts will work best, but there could be delays in my responding.

This trip has been scheduled for many months. I never suspected that it would conflict with this activity, but I'm sure you know how that works.

Thanks to you and the team!

Bob Egan

Thanks Bob. Will take a look and distribute to the team as well. We received the TDD for the pilot study yesterday. i did not get a chance to connect with Dave to ask about his availability for a kickoff meeting, but hopefully he is free Monday or Tuesday. Do you have a preferred date and time?

kevin

Hi Kevin,

Attached are some reports and other information that may be helpful to you and your team, and that may not be on the SF website.
