Subject: Re: Additional Information

Dear Robert,

Thanks for the note, I thought it was a productive meeting.

Also, ACC sent an inquiry regarding the use of gaskets to its Environmental Management Committee, Process Safety Committee and to the Health & Product & Science Policy Committee.

*...**As you may know, asbestos is among the first ten chemicals subject to an EPA risk assessment, including chrysotile asbestos gaskets. ACC recently met with and provided the Agency with relevant asbestos gasket information samples.***

EPA asked if there are any ACC members using asbestos gaskets in the their manufacturing process. If this is the case for your company, Robert Courtnage at EPA would like to talk with you—his contact information is attached...

Robert, let me know if you or your team have any questions.

All the best,

Judith

Subject: Additional Information

Dear Robert,

Please find attached additional information and also the redacted monitoring data requested during our meeting last week. I'll be out of the country next week; I'll follow email but response time will be delayed.

Have a great weekend and enjoy that extra hour!

Judith

Thanks Robert for the list of attendees. I should have the additional information to you this afternoon.

To my knowledge, there are no other ACC members using asbestos gaskets but I will ask ACC's reg/tech folks if they know of any and request that they send an inquiry to the members. That will take a bit of time but I'll get back to you when I have a better handle on it.

Later ... Judith

Thanks Judith.

Here are the EPA participants in addition to myself:

Risk Assessment Division, Office of Pollution Prevention and Toxics (OPPT) Louis Scarano, Andrea Pfahles-Hutchens Heidi Bethel Sharon Austin Jay Jon

Chemistry, Economics and Sustainable Strategies Division, OPPT William Silagi

Also, are there other ACC members who use asbestos gaskets and would they be interested in talking with us as well?

Best,

-Robert

Subject: Yesterday's meeting

Dear Robert,

Thank you again for the meeting yesterday, as I hope you and your team found it to be helpful. I'm working on pulling together the information requested, landfill names, locations and permits, and the monitoring data.

Could you please send me a list of the EPA folks that were in attendance?

Thanks a million ... have fun Trick or Treating with the kids tonight!
