```
***This UCI file has four different sets of MASS-LINK blocks. TAS 03/29/2018
***The locations in Oklahoma have MASS-LINK blocks 21, 51, 11, and 31.
***Loactions relating to Flint Creek have MASS-LINK blocks 22, 52, 12 and 32. TAS 03/29/2018
***Loactions relating to Baron Fork have MASS-LINK blocks 23, 53, 13 and 33. TAS 03/29/2018
***In the IRW_base.uci file, the factors for these blocks are exactly same.
***Different ML factors will be used for Flint Creek, locations in AR, locations in OK, and Baron Fork for
the scenario comparisons. TAS 03/29/2018

*** This uci has Schematic block using NLCD 2011.
*** and uses a Point Source wdm file that uses 2015 (not 2009) data for all years
*** as well as using 2009 litter application data for all years
*** and has been extended back to start in 1992
***On Feb 6, 2018, Anurag added NACA PS and reduced Echo output level to decrease run time.

*** First order rates for P reactions (immobilization and mineralization)

*** note: in the following 5 tables, there are blank fields for the parameters that are
*** relevant to the first-order phosphate asorption kinetics and the first-order
*** plant uptake kinetics, both of which are not being used

*** Manure addition to pasture every timestep from March 1 to Nov 30.
*** Use daily time series of value 1.0 (3/1-11/30) and 0.0 (12/1-2/28) and
*** atmospheric deposition method to add nutrients to surface and upper layers.
*** Use average of Dairy and Beef manure fractions from SWAT:
*** MinN = 0.0085, MinP = 0.0045, OrgN = 0.0305, OrgP = 0.005, NH3/MinN = 0.99
*** NH3 = 0.00842, NO3 = 0.000085,
*** 5.99 kg/ha/day of manure from Saraswat IRW model - based on cattle populations.
*** Convert to lb/ac/day nutrients:
*** NO3 =  0.000454 lb/ac/day (divided between surface & upper)
*** NH3 =  0.0450   lb/ac/day (divided between surface & upper)
*** OrgN = 0.163    lb/ac/day (divided between surface & upper)
*** PO4 =  0.0240   lb/ac/day (divided between surface & upper)
*** OrgP = 0.0267   lb/ac/day (divided between surface & upper)
*** run 32 - change 50-50 to 70-30
