Mr. Wawronowicz,

I am trying to set up a time for Gary Victorine, myself and Erik Olson to call you today. Is there a time later this morning or this afternoon that works for your schedule?

Hi Gary,

On February 13, 2015, Lac du Flambeau Tribal Environmental staff and I called your office to discuss the petroleum ground water contamination issue associated with a WDNR closed LUST site on fee land within the exterior boundaries of the Lac du Flambeau Indian Reservation. As noted in the attached letter dated May 14, 2014, ground water contamination is significant and requires immediate attention because Tribal resources are at risk.

Upon review of the attached files (4) and this e-mail, I would appreciate a return call, so we can further discuss this situation. My contact information is provided below.

Thanks and Have a Great Weekend!
