Hi Chand, Understand. Our call is on Wednesday at 10 AM, and you are more than welcome to participate in the call. We are just trying to get a better understanding of future site grading methods with respect to PCBs. I will forward the call information in a few minutes. Please call me if you have any questions.
Thank you, Linda

Linda Conlan, PG
Principal Geologist
Amec Foster Wheeler

Subject: RE: Pechiney - Meeting!

Linda,

We did not know about the call scheduled between you and Carmen, that's why we were trying to reach her. It was a good idea if DTSC was informed and included in PCB/LUC discussion.
Thanks

Hi Carmen,

These are different meetings/calls. We are still on for our call with you and the City on Wednesday 11th as a follow-up discussion regarding future site grading with respect to PCBs. The meeting with DTSC and the City on Thursday is a follow-up meeting to discuss Completion Report comments and for a project update. So, if you are available on Thursday afternoon, we could tie you into our meeting with DTSC (1:30 pm to 3:15 pm) via a conference call #.

Thank you, Linda

Hello Linda:

What is this meeting for? I accepted a meeting we have for Wednesday. Is this meeting different or substituting the one we have for Wednesday? Please confirm.

Thank you.

Sincerely,
Carmen
