Subject: Implementation of Work Plan for Proposed Soil Samples UPRR Segment-Former Pechiney Cast Plate Facility, Vernon, CA

Good morning,
I would like to update you on the status of our proposed soil sampling on the UPRR segment adjacent to the Former Pechiney Cast Plate Facility in Vernon, CA. We have been provided access to the property by the Union Pacific Railroad to conduct the work and made the required notifications to the various railroad departments. We currently have the work scheduled to be conducted on June 15, 2017. We anticipate the sampling will take one day to complete. Please let me know if you have any questions.

Kim
