Brenda,

Left you a voicemail earlier, but thought this might be faster. Just looking for an update on the Wilcox Oil proposed NPL site in Oklahoma. Looked to me like the comment window was closing, so I wanted to get an idea of what the next step was and what the timeline might be. We're going to be doing a feature on it, but wanted to make sure I understood what the next steps were.

Have a few minutes today for a phone call?

Joe
