TO: UST Enforcement File

This memorandum is to inform the official enforcement file that the Trailside Convenience Bait and Tackle case, located at 750 Highway 47 in Isle, Minnesota is closed.

On April 7, 2014, a Field Citation was issued as a result of violations found during a compliance inspection conducted by EPA at Trailside Convenience Bait and Tackle which owns and operates six (6) regulated petroleum USTs.

The violation was for failure to monitor the piping for a release.

On May 1, 2014, the EPA received the signed Notice of Violation/Settlement Agreement, and a copy of a check for payment of penalty which he had submitted to the Cincinnati Finance Center.
