Good morning, Dan.

I've included some comments and suggestions.

Quickly summarize to major points:

- DECA is no longer involved with Lead in Schools. NJDEP has a program so they are the lead.
- Trenton Water Works is being handled by NJDEP enforcement and is being monitored by DECA. It will be an agenda topic on our quarterly ETT calls so suggest this item be deleted so CWD can spend time on other topics needing action
- LT2 uncovered reservoirs – another item that is NJDEP enforcement lead and covered at our ETT calls so delete in interest of time.
- Suggested adding a bullet to Doug P's talking points in the beginning that CWD-NJDEP create an action plan for how various implementation issues are/will be addressed

Thanks.
Nicole

Hi Nicole,

Attached is our annotated agenda for our oversight meeting with NJDEP next week. I have flagged some DECA items (yellow) that I'd like for you to contribute to if you wish. The bold items will make it to the non-annotated agenda that we will share with NJDEP. Please let me know if you have any questions,
Dan
