Subject: RE: Test Notification to EPA for Mid-America Steel Drum

Mike,
I have a one main question regarding the testing. EPA's request included PM10 testing. The plan does not have any information on PM10 testing. Will this be performed?

Thanks,
Dakota

Subject: Test Notification to EPA for Mid-America Steel Drum

Attached is the test notification for the Mid-America Steel Drum - Oak Creek facility that was sent (overnight, requiring signature) to the Region 5 EPA office this afternoon. This testing was requested by the EPA, not the Wisconsin DNR, in a letter of "Request to Provide Information Pursuant to the Clean Air Act" (dated 3/5/14). If you have any questions regarding the attached letter and associated sketches, please feel free to contact me.
