Overview of Site: The Region 3 RCRA Corrective action site contains several file types including *.htm, *.html, *pdf, *.kml, *.kmz, *.xml,*.jpg, *.png and *.gif. Some of these files include embedded javascript which enables dynamic viewing of geospatial information via a google maps api. This geospatial viewing capability is critical to the function of these pages on the Internet and is similar to Superfund's Cleanups in My Community.
