Attached is the noncbi, public info version, of tradebe's response to R5's info request.

I told R5 we would let him know if we need them to mail us a copy of the cbi version (I assume we will, but I told him we'd take a quick look at the non-cbi version first)

If you can get it submitted by middle February that would be ok.

We can still live with for March 1.

Tita,

We have some concern in the EPA that why would take such long time, 2.5 months, to submit the information you already have.

Can you submit sooner?

Jae

Do you have any concrete date for the response of EPA's December 15, 2016 Request for Information letter? We would like to know a general date of how soon you can submit a response.

Thank you
