Barry, Patrick and I have asked Rett and his team to reach out to you (Cyndy, Rosemarie, and John) right away on potentially precedent setting issues relating to the Wolverine MI site, and the Region's plan to issue an administrative order on consent (in coordination with a state order) by January 10. It was a NPL deferral to state voluntary cleanup program site due to heavy metal contamination, but now, as you know, PFOA has been discovered. Also need to include Reggie in any discussions.

Due to the timing, Region 5 is going to continue discussions with Michigan and the company in parallel with their discussions with you about the available federal and state authorities.
