Thanks! Do you comment on docs or defer to the state on everything? Any major milestones/phases coming up—I don't know where it's at in the process? Who your site team members might be—attorney, tech support? I assume there's no Task Order with TL.

Hi Nadia,

I have put the recent documents that I have received from the Navy contractors in your office. Additionally, there are a couple of key, rad-related documents that I also gave you. Let me know if you have any questions about the site. I will try to answer or refer you to the right person.
