Subject: FINAL: PM ISA

Sent to the reporter:

On background:

Is this draft the work of the PM panel that EPA has said will no longer be required to conduct reviews?

The draft PM Integrated Science Assessment (ISA) is a product developed by EPA; it was not written by the CASAC PM review panel. It is available for public review and will be peer-reviewed by the Chartered Clean Air Scientific Advisory Committee (CASAC).

On what day did EPA inform the members of the panel that it would be dissolved?

On October 11, 2018, the SAB Staff Office notified the CASAC PM Panel Members of Acting Administrator Wheeler's October 10 Press Release that stated that the seven-member Chartered CASAC will serve as the body to review the remaining key scientific assessments for the PM NAAQS review.
