It wasn't easy finding someone to connect with but I just spoke to Carla Black at the Kent County health department. I introduced her to our PEHSU and our services. There is an incident command meeting at the local health dept level tomorrow and she's going to bring us up. I'm going to send her a PFAS fact sheet that Region 1 PEHSU developed for the contamination in NH and VT.

Testing prompts Wolverine to offer water filters to more homes

MLive

http://www.mlive.com/news/grand-rapids/index.ssf/2017/11/testing_prompts_wolverine_to_o.html

Nearly a month after Wolverine World Wide expanded its groundwater testing area for the fourth time to include 300 additional homes, the company is now offering those residents water filters.

Wolverine executives announced Wednesday, Nov. 15, that any home in the southeast expansion area whose water has any level of PFOA or PFOS would be eligible for a whole-house filtration system.
