Yes! I am available until 4 pm on Thursday (Indy time). Go ahead and send an appointment request. I will invite a few others from our end depending on the scope of the discussion. If it is to look at delaying or modifying later, I will limit to Ruth Jean and possibly Jeff Sewell. He has a meeting from 1-2.

Hi, Craig: Following up on recent discussions between our respective permitting and enforcement staffs regarding the subject facility, I'm wondering if you have some time this Thursday afternoon (the 26th) to discuss some issues we in EPA have identified, and discuss the possibilities of either your delaying issuing the permit, or issuing it with the option of modifying it later.

Are you available this Thursday? Any time after noon your time should be good for us. Let me know and I'll send out an appointment request and secure a conference line.

Thanks in advance.
