Subject: RE: REQUEST: Site-Specific Info for Upcoming House Hearing - KZOO RIVER & ALLIED LF
Attachments: Kalamazoo - Congressional fact sheet MI - March 2016.docx; KZoo River Area 1 proposed plan fact sheet - May 2015.pdf; Allied Landfill proposed plan fact sheet - Sept 2015 (english version).pdf

Tom,
As verbally instructed by you, I'm providing you with a briefing sheet and two recent fact sheets regarding the Kalamazoo River and Allied Landfill portions of the Allied Paper/Portage Creek/Kalamazoo River site. (Note that I'm attaching the two recent proposed plan fact sheets b/c HQ's message indicated they wanted "existing fact sheets" in addition to short write-ups.) You said you would bundle the information with that from other sites to send to HQ.

Please let me know if you have any questions or need any additional information.

Thanks,
-Becky

Subject: FW: REQUEST: Site-Specific Info for Upcoming House Hearing
Importance: High

Chiefs and Natalie,
Please see below a list of congressionals meeting soon with Mathy. We need by COB tomorrow briefing sheets on high visibility sites in their district. Any information on redevelopment is of particular interest.

Natalie,
I believe we have a spreadsheet that identifies the congressional district of our sites. Can you please find a list of sites in the districts below and share with all?

I have copied RPM for Chanute (Skimkus) and KZ (Upton) because I know these are high visibility sites for the districts of interest below.

Briefing papers should be provided to me and Tom by start of business tomorrow if possible.

Thanks.

Joan Tanaka

> Dear Superfund Division Directors:
>
> We're working with the OLEM front office to support Mathy as he prepares for an upcoming House Commerce Committee's Subcommittee on Environment and the Economy oversight hearing. One way we've been asked to help is through the provision of site-specific information, which, of course, we need your help to gather. Specifically, we're writing to ask that you identify for us:
>
> - High visibility sites informed by the Subcommittee's membership (see list see below) and
> - Sites that serve as good beneficial use examples.

In addition to the site name, please provide us with any existing fact sheets or short write ups. Please send this information to Lois Gartner by **C.O.B. Thursday, March 31**. If you have any questions in the interim, please have your staff contact Lois at: 703-603-8711 or at: gartner.lois@epa.gov.

Thank you in advance for your help-
