Where: Room 300 (MPCA)

Kenton and I have three agenda items:

1. 20 min on north flow (see attached documents)
2. 5/10 min on MCEA global warming discussion (will forward)
3. 30 min on wetland hydrology for permit writing (indirect effects, connectivity, monitoring, models, deposition, data we have and need)

I'll schedule a follow-up discussion on wetland hydrology if we run late.

Thank you!
