Did you receive the other information I forwarded around 5:30 last night concerning your vapor extraction question?

Hi –
Thank you for the spreadsheet, that is quite helpful.
I'm sure that we will be speaking frequently in the near-term.
Carolyn

Subject: Contact Informaiton

Ms. Bury - Per our call, my contact information and the contact information for our consulting engineer on the Franklin, In., program are given below. Please feel free to contact me with any questions. As I am newer to the program, I may need to reach out to our engineers for information. We had recently provided a considerable amount of historical site information to Juan Thomas. If you need this to be resent to your attention, please let us know. I have taken the liberty to include the most recent information that Mr. Thomas requested - a single spreadsheet with historical ground water sampling results.
