Greg,

I left you a message a few moments ago. Adam suggested I give you a call as my first step up the chain. My client received a letter on January 2, 2018 informing them that EPA intended to issue a "one-step" SNUR for the above-referenced PMNs. We waited many months but since EPA was not issuing any one-step SNURs, and in view of the 2nd Circuit lawsuit, we asked EPA to issue a consent order instead. We were told end of June that the CO had been drafted and we could expect to see a draft over the Summer. Now Adam tells us that the Ad hoc Committee wants to go back to the "one-step" SNUR option for this case.
Can you give me a call today on my cell at Personal Phone / Ex. 6 to discuss these developments? I am available from 10 am-4 pm. Thank you.
