Subject: Confidential - Draft Offsite Groundwater Sampling Locations

Carolyn/Bhooma/Conor

Please see the attached draft figure displaying the proposed offsite groundwater sampling point locations. We used the existing offsite groundwater monitoring well data to assist in developing the sampling locations. If this looks OK, we can finalize the work plan and have it submitted to you tomorrow. As of now, we have the drilling company scheduled to complete the work activities next Tuesday – Thursday (if needed for all 3 days). If you have questions or want to discuss anything, please contact me.

Sincerely,
