Attachments: Letter of credit template.docx

Hello Howard,

I looked it over it's a little off from what the wording found in the regulations (40 CFR 264.151) and I have attached a template with the exact wording found in the CFR, please utilize this template.

Thanks,

Justin Abrams, MBA

Justin,

Thank you for providing your contact information. Allow me to introduce myself as I am the Assistant Treasurer for Amphenol Corporation. We are in the process of changing banks with respect to issuance of letter of credit from Deutsche Bank to Citizens Bank N.A. Currently we have issued the EPA a letter of credit for the above referenced site and would like to reissue that letter of credit through Citizens bank while then eliminating the letter of credit from Deutsche Bank. The attached is the draft wording for the letter of credit we will issue from Citizens Banks. Can you please review and either approve wording as is or mark up and send back for modification.

Thank you

Howard

Juan,

We are in the process of making some changes with our banking group which will require a change in the bank that provides the Letter of Credit for the financial assurance at the former Amphenol Facility in Franklin.

Can you let us know who we need to contact to ensure that we have the correct information for the new LC? I've copied Howard Wardlow from our Treasury Department on this email. He will be coordinating the new LC. Any correspondence on this matter should be directed to him.

Thanks and best regards,

Sam
