Carmen,

Attached is the Draft Cleanup Plan Approach for the former Westinghouse Apparatus Repair facility in Rancho Dominquez, California. The plan generally summarizes our discussion on February 2 and addresses comments in your email on February 20. In response to your recommendation, CBS and WSP would like to schedule bi-weekly calls to discuss progress during development of the Cleanup Plan. Please let us know your availability for calls at 11:00 am PDT on the second and fourth Wednesdays of each month.

Thank you,
Dave
