Hiiiiii Gary,
I have spoken to you in a while. What is this sampling event about?

Subject: Update for Schedule of Field Sampling Activities at Exide Frisco Facility

Gary,

I wanted to provide you with an update regarding the field sampling program at the Exide Frisco facility. Golder Associates does not expect to start field sampling activities until Tuesday December 17th at the earliest. Based on the recent weather events, we will be evaluating the current field conditions on Monday to determine if we will be able to sample on Tuesday or will need to postpone sampling activities further.

If we have any additional change in plans for weather or other considerations, I will let you know.

Please feel free to contact me if you have any questions or need additional information.

Thank you,
Anne Faeth-Boyd
