Subject: TGTI Deepwater Port License Application Review -- Comments requested by 7/20
Attachments: TGTI Scoping and Deepwater Port Application COASTAL AND WETLANDS.docx

Karen:

Rob Lawrence has requested a review of the Deepwater Port license application for the Texas Gulf Terminals Inc. proposal.

Although our Branch may not have specific comments on the completeness of the U.S. Coast Guard and MARAD deepwater port application per se, Rob is also looking for initial scoping comments. Because the formal NEPA scoping process hasn't yet begun, these comments are typically rather general. Therefore, I often wrap up coastal, marine, and wetland comments into the same narrative (yes, I'm coordinating with Maria and Paul).

I went ahead and took the risk of also incorporating comments on MPRSA in my draft (attached). By the end of the week, please review the last heading in the document for the MRPSA section and let me know if you would like to make any edits.

Thanks,

Barbara Keeler
