Subject: RE: Draft TGTI deepwater port completeness review letter - comments due NOON today

The documentation that was provided included a USACE 404 Permit App as an appendix.

Comments are due NOON today. I have heard from several of you already. You can focus on your portion of the draft completeness letter or comment on the entire thing.

Still unclear to me: 1) Did WQ and MM receive individual permit applications in addition to the CDs that had electronic copies? If not, if that an issue? Do you need originals for your record?

2) Do you need original signatures on the applications?
