Sea Port Oil Terminal (SPOT) & Texas Crude Offshore Loading Terminal (COLT)
Deepwater Port Applications
Federal & State Interagency Meeting
Wednesday, March 20, 2019, 1:00 – 3:00 P.M.
Courtyard by Marriott - Lake Jackson, TX

AGENDA

1. Participant introductions (Coast Guard/MARAD lead)

2. Overview of the Deepwater Port Act, MARAD and Coast Guard responsibilities, SPOT/COLT overview, application processing status, preparation of Environmental Impact Statement (EIS), financial responsibility evaluation (Coast Guard/MARAD lead);

3. Review of draft Permits and Approvals table (Coast Guard, MARAD Federal and State agency participation);

4. Deepwater Port Act and Texas DWP Procedure Act Timelines. (Note: Texas agency comments due to TGLO Commissioner within 60 days of application receipt; report from Commissioner to Governor within 150 days of receiving application. Can Coast Guard/MARAD receive copies of agency reports? TGLO Commissioner's summary report to Governor? Will report(s) be posted to federal docket?) (Coast Guard/TGLO lead)

5. Future Administrative Milestones (Coast Guard/MARAD lead)
    a. Distribution of Interim Draft EIS
    b. Draft EIS and Public Comment Meeting
    c. Distribution of Interim Final EIS
    d. Final EIS and Public Meeting/Final License Hearing
    e. Governor's Decision
    f. Administrator's Record of Decision (RoD)
    g. MARAD issues License (if RoD is favorable)

6. Other business
    a. Do you require Cooperating Agency letter?
    b. Future interagency teleconferences?
    c. Alignment of Cooperating Agency processes with DWPA schedule

NOTE: ERM and Tetra Tech Inc., the applicants' third party contractors assisting the government in preparation of each Environmental Impact Statement, will participate and take minutes and prepare an administrative record of the meeting.
