Thanks Joe. I met her at the ASTSWMO conf in Billings in April. I share the same impressions. She was the keynote speaker at lunch and did a great job.

FYI

What she sent me today.

So if we can pull some fact sheets together for the non-Libby sites - that wld be good. And we can discuss Thursday.

Thanks

I'd like to chat about how I would like to highlight the work here in Montana. Some specific things on my list:
--upper Clark Fork
--Butte consent decree
--Libby
--and just touching on some of our quieter, yet important cleanups that have a good story to tell.

Bruce -

You already have what I forwarded from RPM Rebecca Thomas on a Libby Asbestos issue. I expect to receive something from others in R8 soon regarding other MT sites they feel might be of interest in this particular context.

Johanna/Joe: Take a look also at the sites MDEQ Director Tracy Stone-Manning mentions in an e-mail message below. Not sure if you were planning to provide something on these sites. Thanks.

I had the wrong hotel. I'm staying at the Henley Park Hotel. 926 Mass Ave, by the convention center. Happy to meet there; I'll be in the lobby, 11 am. Coffee on me.

Tracy

Looking forward to talking on Friday.

Is that the Renaissance in Crystal City/Arlington or the former Mayflower that is in downtown DC? Both are near EPA offices. We can meet at hotel or, I can get a conf room at a nearby EPA office.

Thanks in advance.

Thanks, Jim. Let's say 11:00, Friday, July 12. Holler if you need to tweak that.

I look forward to it.

In theory that is my compressed work day, but I generally work some part of the CWDs given the demands of the job. The good news is that I have a lot of flexibility in terms of time, date, location because no one usually schedules anything.. So, Please let me know what works for you. My preference is between 11 - 3.

Thanks.

Jim,

We met briefly in Billings at ASTSWMO.

I' ll be in DC in July - are you available to meet anytime on July 12th before 3 PM? I realize a Friday in summer during furlough season is a long shot, but we have a lot of Superfund issues on our plate and it' d be great to talk.

Tracy
