Subject: Hot Topics for WGA for EPA Administrator and RA McGrath

Shaun/Joan -

Here is a draft of the hot topics requested by the Administrator's office (due to HQ by 3 p.m. Friday, 5/30).

Please let me know whether you have any additions/changes to these topics that we gathered from the ARAships. I reformatted some of the previous Utah materials into the format preferred by the Administrator's office.

It would be great if we could hear back by noon on Friday so we can address any changes and meet HQ's deadline.

Also, if additional issues come up today in the meeting with the WY Gov. and you want write ups on those, please let us know so we can assist with making that happen.

In addition, Shaun, please let us know if there are other materials that you will be needing in preparation for the WGA meeting so we can start working on those.

Thanks,
