Hi Susan, just to close the loop with you. I learned that the CLP will still meet April 19. They are meeting at the Columbia Falls High School Cafeteria at 6 – 8 pm. I believe they are going to send out announcements soon. Do you think you'll be able to attend?

Great, thanks Susan. I think 30 minutes will be ample time. I will follow up with Mary Green about the CLP meeting. I'll pass on to you what I learn.

Hello Robert –
The council meeting will begin at 7 pm. EPA is scheduled to speak under "public comment," at the beginning of the meeting. How much time do you think you will need – is a max of 30 mins enough or were you and Mike thinking longer? Your info below sounds good. The CLP was scheduled for April 19th in the council chambers but they cancelled the meeting room. I haven't received a new location or if the meeting has been cancelled completely.
Susan

Subject: double checking meeting times

Hi Susan,

I have been out of the office for a few weeks. Now that I am back I learned that EPA is on the agenda for the Columbia Falls City Council meeting on April 17 about the CFAC site. Does that sound right? Can you remind me what time the council meeting starts? How much time will we have?

I've also heard that the CLP is meeting on the 19th. I don't have any information on that yet. Do you know what time and place that will be held?

Mike Cirian and I are planning to attend both meetings and talk about the phase one sampling data, draft summary data report, and draft community involvement plan. Is there anything else you recommend that we prepare for? We want to make good use of your time.

Thanks Susan and I look forward to seeing you in a couple weeks!
