Hello,

Thank you. If it is possible for someone in Environmental Justice to be present as well that would be super. Our goals and concerns fall in this exact space.

Attached is the document we will reference during the call. It contains the support we are seeking from EPA as well as questions we believe you can help answer with regards to GAF. We look forward to a productive discussion and collaboration with your office.

Please send out the invite and meeting details when you get the chance.

Thank you,
Janie

will be available, that includes myself and David Garcia, the Director. Also available, is our Office of Public Affairs Director Jeff McAtee and Olivia Balandran, Director of our Office of Communities Tribes and Environmental Assessment.

Again, please send any presentations (summary, powerpoint, lists) in advance so that Neakeyla can include it in the invite for Monday November 15th from 2:00-2:45 pm. We look forward to listening to your presentation and hearing your concerns.

Hello Kim,

We understand that given the timing not all of the individuals we have requested from your office will be able to attend. Our elected officials have already scheduled this meeting on their calendars and are awaiting the calendar invite and the web conferencing details to join us as planned. Please let us know who from your office we can expect to participate on Monday and if the Regional Administrator, EJ Director, or Air and Radiation Division Director will be in attendance.

We look forward to your response and the calendar invitation with meeting details.

Thank you for working with us,
Janie

Morning, this email I sent your way on Monday may have been missed. Please see below for agenda, requested attendees from EPA, and our list of attendees.

Additionally Arnulfo Garza from Senator Royce West's office will also be attending Arnulfo.Garza@senate.texas.gov

A representative from Councilman Omar Narvaez's office is tentative but you can send an invite to Laura Cadena laura.cadena@dallascityhall.com

Let me know if you have any questions.
Thank you,
Janie
