Hi Tom,
I received a request for our presentation from Dr. Jardon (see below). I met him at the public meeting. He works for the company that manufactures monensin. I sent him a copy of the presentation in pdf. I have not been contacted by anyone else that is affiliated with the Dairy Fed. I have received requests for the presentation and additional copies of the report from Professor Black at Heritage U.
Sheila

Sheila,

Thanks for taking time to explain some of the details of the Yakima Valley water testing to me.

Is it possible to get a copy of the PowerPoint presentation that your EPA group presented last week?

Subject: Request for additional info on the Yakima report

Hi all,

In looking over my last e-mail from the dairy federation, Jay Gordon references a "focused request on behalf of several of our consultants for additional information and correspondence related to the Yakima report ". Have any of you received such an information request and are we responding to it?
