Wade, my understanding is that we're going to post it to an existing website - which is EPA Region 4's state news page for Alabama. I'll get the link and send it along. We've posted other settlements and news to that site.

Hello, Bob. If I remember correctly, you said that EPA would be setting up a website to post your press release and the fact sheet. Could you send me a link to that website whenever you have it available? I think our guys may want to include a link to your website in our press release (or in subsequent announcements), if that's ok with you.

Thanks,
Wade
