Subject: Friendly Reminder - RCRA Permit Integrity Team Issue Papers for State Input - comments due Sept 19

Attachments: PIT_Issue_Summary_LDRs_7.31.17.docx; PIT_Issue_Summary_TDU_7.31.17.docx; PIT_Issue_Summary_AABBCC_7.31.17.docx; PIT_Issue_Summary_PCC_7.31.17.docx

Importance: High

Hi RCRA Permit Writers,

As a follow up to the request we made at the August ASTSWMO meeting and the September Permit Writers' Call, please consider the following issue papers and rank them in order of priority (with #1 being your top). Each paper covers an area national in scope impacting the RCRA permit program. The original due date of comments was September 19th, but we are extending it until Friday, September 29th. Please submit your ranking as well as general comments to me by September 29th. The next step is to bring these priority areas to the RCRA Regional Division Directors for decision in October.

Waste Analysis Plan (WAP) and Related Land Disposal Restrictions (LDR) Issues

Thermal Desorption Units (TDUs)

RCRA Air Emission Standards (AA/BB/CC)

Post-Closure Care Implementation

By way of background, the RCRA Permit Integrity Team (PIT) was formed in December 2016 to implement the RCRA Permit Oversight Strategy. This group is composed of regional liaisons at EPA HQ and primary points of contact (POCs) in each Region to facilitate communication and better channeling of oversight issues. The RCRA Permitting Oversight Strategy seeks to: (1) promote development and maintenance of defensible permits that ensure proper waste management and protect human health and the environment, and (2) strengthen oversight of RCRA permits through improved coordination and collaboration with our regulatory partners. The strategy uses the following three-step framework to enable efficient and effective oversight of RCRA permitting:

- Identify issues that may affect the quality of permits or permitting programs;
- Prioritize the issues, taking into consideration both state and EPA needs and resources; and
- Resolve issues using appropriate expertise and approaches.

Please contact me if you have any questions.

Thank you,

Lilybeth
