Hello-

Some follow up items to prepare for the R5 PCB inspection at the school in Monroe:

CRL just sent me these attached SOPs.

I also heard back from the inspector, and he would like to have sampling materials for 12 wipe samples, and 1 case of 4oz glass jars to collect bulk potting material samples. It looks like the inspection will happen in 2 weeks.

We were also wondering if a 2 week turnaround time for at least preliminary results will be achievable.

Thanks,

Michelle Mullin

Subject: PCB R5 CRL SOPs for TSCA

Michelle, R5 PCB SOPs are attached here for your Info.

We have several other SOPs for PCB use that can be used, but are not exclusive to TSCA samples. The attached SOPs are used primarily for TSCA. Those not attached can be requested later, if you need them. They should be referenced in the analytical SOPs above.

Thank you
