Subject: Planned Inspections for June
Attachments: June Planned Inspections.pdf

Doug and Deb –

Attached is a list of ECEJ's planned June inspections. Please let me know if you have any questions or need additional information. Of note, we are in the Bakken this week with Dave Glatt and his folks and NEIC driving around on state land with our air emissions testing mobile unit. We'll be doing a similar exercise next week with the MHA Nation. We'll be looking to see if we have improvements now that most of the largest producers have entered into agreements with ND and EPA regarding addressing excess emissions. Continental is one of the hold-outs on these agreements and I understand they may be interested in having a conversation with you (this information came from Dave Glatt this morning).

Suzanne
