Ok, that's fine. How is 4:00 today? It shouldn't be more than a half hour.

Hi Annamaria,
I apologize, I will actually be in the field tomorrow beginning at 12:30. So either today or later tomorrow would be best for me.
Thank you,

Hi Annamaria,
I'm available today and tomorrow in the afternoons. I asked James Yrigoyen, our biologist in USVI to be on the call as well. Let us know if this works for you.

Neha Sareen and I are with the US Environmental Protection Agency in NY and are working on an air permit in St. Croix. We have some questions regarding ESA. We received your name as a contact from Catherine Collins in your Denver office. Would you be available next week for a brief chat? Please let us know when is a good time.
