Kyle said he had looked at the cease & desist letter when it went out in December, so I asked him to take a look at the tolling agreement, too. I'll pass your response along to him--

Barbara,

Scott Matthews is the PM and his response to your question is below. Note that EPA has expressed interest in taking action on this so I believe we would need to determine their course of action prior to accepting the application and signing the tolling agreement. Please let us know if you agree or suggest another course of action.

Thanks,

Greg McKay

Greg,

This is the first information application we have received from the applicant. We had talked in the field about doing a combination of an after-the-fact and restoration and he requiring mitigation.

EPA has still not determined if they were going to take it or not. They were sending an additional information letter to the applicant.

Scott

Caveats: NONE

Scott,

I assume the answer to this is yes, correct? Was this info that came in with the tolling agreement the first application we have received or just supplement info?

Thanks,

Greg McKay

Hey Greg,

Have you all accepted the ATF permit application by All American RV for this violation? thx

Barbara Lollar
Assistant District Counsel
