ATSDR is on board, either Chris Portier or Tom Sinks (deputy director) could participate. Tom has been on some IAR calls.
NIEHS -- both Linda B and John B were out, so I left messages.
OSHA -- David M is on a conf call, so I left a message.

Hi Becki

I talked with Vince and Lynn about this. Sandra Howard is out of the office until Sept 7. Vince has volunteered to call Linda Birnbaum, David Michaels, and Chris Portier to participate at this meeting. We think they would likely be the most senior folks with an understanding of what is happening. Does this sound okay to you?

Thanks

Norm

Hi again,

Following up on this-- Paul is seeking your input on whether the health agencies (CDC, NIEHS, FDA, et al) need to be invited to this meeting? So far, he plans to include the offices who expressed interest: DOD, SBA, OMB, CEQ, and OSTP. He is thinking it will be a principles + 1 sort of thing.

Let me know your thoughts. Thanks!

Subject: NASA Briefing on IRIS

Hi Becki,

Heads up-- following up to the email traffic from NASA on IRIS a few weeks back, Paul just scheduled an IRIS Process Briefing for Olga Domingez (AA-Level, NASA) and her staff. It's set for Wednesday, September 7 from 2:00pm -3:00pm in 41213 RRB. Invites will go out once Paul determines who from other offices and Agencies needs to be included (which he plans to do today).

Paul said he hopes to chat about this with you tomorrow when you meet at noon.

We will keep you posted!

Thanks,

Becky Fried
