Hi Keith and Melanie:

I imagine you feel annoyed with this request (I did too) seeing as we've been talking about the Stadium proposal and calling it Parcel 49 for over a year. I believe the request stems from not wanting to have the big picture redevelopment schemes for all of Candlestick and Hunters Point Shipyard appear to be dependent on the 49ers. The City and congressional reps have made it clear that all this work that everyone is putting into these projects will proceed whether the 49ers stay or leave. Remember Congressional Reps have to be concerned with public perception. Also I'm sure they are thinking towards future and if 49ers leave the City - having to deal with this artifact and continuing to explain it away.

Seeing as the request originated from one of the Congressional Reps and they are the ones who were responsible for getting us an unprecedented amount of money this year - I think it is a relatively minor change and if it will make them happy we should do it. I'd put this in the category of - if this is the only request that they make in this process - then we will be very lucky.

Call or email if questions and yes I will be fine being the messenger who explains this at public meetings.

if you are not willing to change formal documents or you want further explanations please have Doug call Michael.

Amy,
Per Doug Gilkey, we will take this under advisement. You will have to explain at various meetings why the City, et al is so sensitive on this minutiae.

Hi Keith and Melanie:

I was just informed that the Mayor's Office and the Congressional Representatives do NOT want the stadium parcel to be labelled as Parcel 49 in any formal documents.

Can you please label it D-3 or some other generic name.

I'll call to make sure you got this message

thanks,
