**End**: 1/27/2016 11:00:00 PM
**Show Time As**: Busy

**Recurrence**: (none)

All,
This is to discuss the SNWA weir presentation and discuss if and how NDEP and NERT can/should assist.
Topics for discussion:

1. Treating dewatering water
    a. Is this a good idea
    b. Can NERT funds be used for this purpose
        i. If so how, if not why
2. Weir construction or enhancement
    c. SNWA has not given us any solid ideas for this
        ii. Do we have any?
        iii. Should this be NERT/NDEP's responsibility to come up with any ideas?
    d. Can NERT funds be used for this purpose?
        iv. If so how, if not why?
        v. Is the timing the main issue here?
            1. SNWA wants to do this now 2016-2017
