20150513 EPA Requested GIS_mapping_files.zap

Stephanie:
The attached a zip file (renamed .zap) contains information on duplicates requested by EPA. This is the last of the files requested by EPA in the March 17, 2015 e-mail. Creating these last two files for EPA was more complicated than was originally anticipated.
Here is a list of the transmittals that the CPG has prepared for EPA to complete their 3/17/2015 request for mapping-related files.

Date Files included

3/24/20153 geodatabases, consisting of 25 GIS layers

3/27/20153 geodatabases, consisting of 6 GIS layers

4/08/20153 geodatabases, consisting of 7 GIS layers

4/17/20151 geodatabase, consisting of 4 GIS layers

5/13/20151 geodatabase, consisting of 2 files

As in the previous transmittals, this zip file contains the transmittal letter, a table listing the files in this transmittal, a geodatabase of the GIS layers, and a readme file describing the GIS layers.

Please let me know if this fulfills EPA's requests for information.

Thank you.
