**Subject:** Thank you -- Passaic River Dredging Event

Dear Congressman Pascrell,

Thank you so much for participating in the Passaic River dredging kickoff event in Lyndhurst. This was a historic event, and it would not have been the same without your involvement. It was so wonderful for community members and government leaders who have all worked hard to see this project happen come together for the beginning of dredging for this portion of the Passaic River. I look forward to working with you as the dredging continues and is eventually completed.

As many mentioned, I think we all felt the presence of Carol Johnston and Ella Fillipone that day. They were champions for this project and we will see it through as part of their legacy.

Thank you again, and I look forward to our continued working relationship on the dredging of the Passaic River.

Best,

Judith A. Enck

EPA Regional Administrator
