Sure – I'll give you a call this afternoon, or please let me know when would be a good time to talk – I'm pretty free this week, except for this morning.

Can we talk? If you need constructive dialog we need a diverse group of people.

The CAD experts that we already have should be able to speak about the effect of storms on CAD cells. There is no need for an expert on storms themselves, because we are really interested in the effect of the storms on the CAD cells, not in the storms themselves.

Alice,

Thank you for the update. See if we could ask Tom for replacement? Also, can we look for Sandy type super-storm specialist to obtain impact of such on CAD/offsite operations? If you do not agree let us talk?

Jay

CAD/Off-Site:

- Tom Wakeman is out of the country in July-Aug so will be unable to attend.

- Marc Helman of NY/NJ Port Authority is trying to make arrangements to be free on 7/22 (he will let me know early next week).

- Rainer Lohman of Univ of RI needs to check on his schedule (he will get back to me within a week).

Navigation:

- Tierra's expert is Dr. James Opaluch of Univ of RI (note corrected spelling)

- Commercial users have been invited. So far, Steve Singer of Darling International and Sam Hahn/Rob Harms of George Harms Construction Co (RM1.4) have agreed to be on the panel. I will talk to the Harms people about designating one person to be on the panel.

- U.S. Corps of Engineers-New York District will send Randy Hintz (Navigation O&M) for the panel, but he is out of the office until later this week, so will have to confirm his availability.

Subject: Panel members for 7/22 workshops

This is what we discussed earlier this afternoon. We will keep each other updated as we fill in names as quickly as possible.

CAD/Off-Site (9am-12pm):

- Moderator: Jay to provide

- Phil Spadaro, The Intelligence Group

- Paul Schroeder, U.S. Army Corps of Engineers, Environmental Research and Development Center

- Peter deFur, Environmental Stewardship Concepts

- Dick Plumback (spelling?), Passaic River Coalition

- Jay to send contact information for Tom Wakeman at Stevens Institute, so that Alice can invite him.

- NOAA to provide a name to Alice during the week of 7/7-11

- Alice to call Rainer Lohman of Univ of RI.

- CPG to provide a name to Jay

- NJDEP to provide a name to Ray

Navigation (1-4pm):

- Moderator: Jay to provide

- Dr. Opaloch (Ray to confirm his full name & affiliation)

- Dick Plumback (spelling?), Passaic River Coalition

- CPG to provide a name to Jay
- Alice to invite commercial users of Lower Passaic River
- Alice to invite City of Newark and City of Kearny.
