Not responsive

About EPA meeting with Judith Enck,

Anyway, we hoped to meet with Judith soon to follow up on her request to discuss dredge material management. We hear a number of issues are being discussed regarding the Passaic, regional dredging plans, the Historic Area Remediation Site management, and maintenance dredging issues. Depending on the amount of time she can share, we can limit the agenda. I also believe she has issues she wanted to discuss.

We are also looking to meet Col Boulé in September as well.

Let me know how things look. I am out of the area most of October (I head down for a annual planning the coming year/vacation in VA from the Oct 4- 19)

Have a great weekend—hey do you ever get down to the shore!!!??? Let me know….
Cindy
