Thank you, Mark. I appreciate the clarification.
So, am I correct that the only comments submitted, besides those from PSNH, were from Sierra Club and EPRI? Linda

Hi Linda –
I hope you've weathered the storm okay. I'm sure Eversource is very busy with the aftermath. It's been a tough one and the current frigid temps and high winds are making it tougher still.

Anyway, I thought I should let you know that we did NOT receive any comments from Seabrook regarding the Merrimack permit. Apparently, there was an entirely unrelated mailing from Seabrook that was on the pile with all the comments on the permit from you guys and EPRI, and my program office client assumed the mailing from Seabrook was another set of comments. She just let me know, however, that when she opened the Seabrook letter, she found it was about something else.

- Mark
